

Make Time To Relax

The last gift is unwrapped, the relatives have headed home and the cooking frenzy is over. It's time to get away from family and friends and enjoy a little alone time with your significant other. Madison offers some great bed & breakfasts that will put you in the mood and relieve that holiday stress. Some have that old world style and some are brand new but each offers a special experience.

Madison Vineyards offers a secluded wine experience right in the middle of the vineyard and Azalea Manor is right in the heart of Madison's historic district. If you'd like to cuddle at a great hotel or inn, Madison has those, too. Clifty Inn is offering some unbeatable deals for the winter so you have no excuse.

You'll have to leave your room sometime so choose one of our restaurants for a quiet dinner for two. After dinner, picture yourselves in the moonlight stepping into a horse drawn carriage for a romantic ride along the riverfront. Finish the evening

with dessert or a nightcap before racing back to your room.

After your leisurely breakfast, plan a stroll along the riverfront or a gentle hike at Clifty Falls State Park. Indulge in a little time downtown shopping then stop for a tasting at Thomas Family Winery. Share lunch at one of our cafes or restaurants. Hold hands while you explore Madison's historic district and stop for handmade chocolates at Cocoa Safari.

Head back to your room for a snuggle or a soak in the tub.
